Disclaimer

more martyrs of Civilians, Military personnel and volunteers of the FSA continue to cite, as regime forces further continue its heaving shelling and bombing in an open war against Syrians and the uprising.

Violations Documentation Center in Syrian has worked since the beginning of the uprising, on monitoring and documenting all regime's violations and crimes, and here below is the Monthly report of the Dignity revolution martyrs, with a disclaimer on the following remarks:

1. Regime's fatalities are not included in the reported death toll.
2. These figures are not final in any way, and they are subject to continuous and periodic scrutiny by center's activists and the field documentation team.
3. Figures may differ at reports even within the same district, and this can be referred to the territorial audit that would reveals places of errors and faults, as well as the continuous follow up to identify undistinguished martyrs whenever they are identified.

Thanks

VDC would like to thank all the field activists who have done a tremendous work on documenting martyrs' names and completing their relevant data, as well as thanking those interested in our published reports, providing and correcting some of the published data.
